Subject: Action Item for March 12 West Lake Update

All – Below is an outline of topics which were discussed at the update meeting that Bob and I had with Mark and Mike earlier today (Tuesday). Mark asked that during the March 12 West Lake Update, the team come prepared with a more detailed schedule for the March items (see highlighted activities). Just a reminder that I am out of the office starting March 5th and returning on March 17th.

LMJ DRAFT Schedule of Major Milestones in 2015 3/3/2015

(note, these timeframes have not been discussed/agreed upon with others on the WL team)

MARCH 2015 Activities & Milestones –

- EPA approval of work plans for Phase 2 RIM investigation near North Quarry
 - Feb 27 deadline slipped, still waiting on submittal of workplan
 - In mean time, working on comment letter that will address our review of their Phase 1 report and other things to address in Phase 2 workplan
- EPA requires PRPs perform additional characterization in Areas 1 and 2
 - R7 risk assessors helping with analysis of Principle Threat Waste determination
 - ORD helping with proposal for how many and locations of additional sampling needed for statistical analysis of where RIM is located and at what concentrations
- EPA approval of PRPs Partial Excavation Workplan
 - R7 risk assessors helping in evaluation of Δ Risk Range associated with PE
 - R7 risk assessors helping SPFD in determination of which of 3 criteria to use for PE calculations
 - R7 risk assessors helping in analysis of Principle Threat Waste determination
 - This will lead to our approval of the PE workplan
- Pyrolysis Testing
 - Brad setting up workgroup – need to move this forward quickly
 - Have tentative agreement with NARL (lab)
- March 2015 – EPA’s Write-Up on H2S, CO and SO2 Monitoring Results Published – Must Coordinate with MDNR’s investigation of emissions from Bridgeton’s Flares
- March 2015 – EPA’s Announcement of IB Decision – can this be week of March 23??
Supporting Documentation:
 - -ORD Analysis of 2014 SSE Monitoring Data -ORD Analysis of Aug thru Dec 2014 Data
 - -USACE’s January 2014 Letter to EPA
 - -Combined Comments on Republic’s Oct 2014 IB Analysis Doc (STLAA, USACE, ORD, MNDR)

FUTURE 2015 Milestones -

March or April announcement of separating the groundwater as a new OU from the soils remedy – requires memorandum to the file

??March – May 2015 – ATSDR Health Consult Finalized (Rad Only)

??March – May 2015 – MDHSS Health Consult Finalized (Non Rad)

April 2015 – Receipt of ORD's Review of 2014 SSE Data (analysis across the whole year)

April 2015 – FAQs up on R7 Webpage – need to discuss timeframe with OPA

July 2015 – Decision on EPA's Off Site Air Monitoring Station in Spanish Village

July 2015 - EPA RIM Pyrolysis Testing Completed

September – November 2015 - Additional Characterization in Areas 1 and 2 for Partial Excavation and RIM Volume Calculations – field work completed and final report approved

September 2015 – November 2015 - Phase 2 RIM Investigation near North Quarry – field work completed and final report approved

December 2015 - RP Amends SFS Report to include results of SSFS studies; amended report is reviewed and approved by EPA

Thank you,

Lynn M. Juett
